BrightPath Tutoring

Clear explanations. Confident learners. Practical progress.

Mission
Make difficult subjects understandable through patient teaching, guided practice, and study plans matched to each learner.

Business overview

BrightPath Tutoring is a fictional learning center based in Hamra, Beirut, with online lessons available worldwide. It supports students in Grades 6-12 and at university through private lessons and small groups of two to four learners.

Subjects and services

Mathematics: algebra, geometry, trigonometry, pre-calculus, calculus, linear algebra, differential equations, probability, and introductory statistics.
Physics: school physics, university mechanics, electricity and magnetism, waves, and introductory thermodynamics.
Programming: Python, Java, C++, web fundamentals, debugging, and introductory data structures.
English: grammar, conversation, reading, academic writing, presentation skills, and IELTS or TOEFL foundations.

Tutoring team

Tutor	Specialty	Profile
Maya Rahal	Mathematics	School and university mathematics; 8 years of tutoring.
Karim Nassar	Physics	Master's degree in applied physics.
Lina Haddad	Programming	Software engineer; Python, Java, C++, web, and data structures.
Sarah Khoury	English	CELTA-qualified English and academic-writing tutor.

Pricing

Format	School level	University level
Private, 60 minutes	USD 28	USD 35
Small group, per student	USD 16	USD 20
Programming Foundations	USD 110 per student	6 small-group sessions

A free 15-minute placement call is available. It is not a free tutoring lesson. Payment is due before a lesson or package begins.

Schedule and delivery

Monday-Friday: 3:00 p.m.-9:00 p.m. | Saturday: 9:00 a.m.-5:00 p.m. | Sunday: closed. Times use the Beirut time zone. Lessons are available online or at the fictional Hamra center. All tutor assignments and bookings require staff confirmation.

Unique value proposition

BrightPath uses a Learn-Practice-Reflect method. Tutors explain concepts in plain language, guide the student through practice, and end each session with a short progress note and a clear next-step plan.

Policies and boundaries

Groups contain two to four students at a similar level. A lesson cancelled at least 24 hours in advance may be rescheduled once without charge; later cancellations are charged in full except for documented emergencies. BrightPath does not guarantee grades or exam results. A parent or guardian must confirm enrollment and payment for students under 18. Chemistry, biology, medicine, and advanced graduate research are not currently offered.

Enrollment and contact

Prospective students should provide their name, email, subject, academic level, goals, preferred format, and preferred schedule. Email: hello@brightpathtutoring.example | Telephone: +961 1 555 014. All contact details and the business are fictional and exist only for this academic project.
